478mm H x 333mm W

In 3 Way Mixers, filtered water has an independent nozzle in the spout. Therefore, filtered and unfiltered water never mix.

Avoid Drilling a Hole Through Your Stone/Wood Bench and Replace Your Kitchen Mixer with a 3 Way Tap.

3 Way Mixers have a large lever for hot and cold, and a small lever for filtered water.

Our NEW Chrome 3 Way Mixers feature an LED indicator that turns from blue to red after one year to advise when the filter needs replacing.
